Testing

This is a test-file for exporting org to latex with formatted code

```
 1  class Foo
 2  {
 3      public:
 4       Foo() {}
 5       virtual Bar run() = 0;
 6       virtual ~Foo() {}
 7       int pop_size;
 8       unsigned int max_num_evaluations;
 9  }
10
11  int main()
12  {
13  std::cout << "Is this broken ?\n";
14  }
```
